ReSurveyEurope

Project Metadata Form

When contributing data to ReSurveyEurope, please fill in this form for each resurvey project and send it to Ilona Knollová (ikuzel@sci.muni.cz) together with the database. A resurvey project is understood as repeated sampling of a certain type of vegetation in a certain study area using specific methods.

- PROJECT NAME (identical with the Resurvey Project name given in the database):

  Krizky monitoring (originally as CZ_0019_044)

- FULL PROJECT NAME (use if the full project name is longer than used in the database):

  Change of Vegetation in NPP Pod Křížky in 10 years

- REFERENCE (publication or URL or DOI of the dataset if published online):
