

**27th Congress
of the European Vegetation Survey
23-26 May, 2018
Wrocław, Poland**

**Vegetation survey 90 years
after the publication
of Braun-Blanquet's textbook
– new challenges and concepts**

Programme & List of Participants

**Regionalna Dyrekcja
Lasów Państwowych we Wrocławiu**

TABLE OF CONTENTS

Programme 5

List of Participants 23

Maps and transport tips 29

Programme

Tuesday, 22 May, 2018

ORATORIUM MARIANUM,
UNIVERSITY OF WROCLAW
pl. Uniwersytecki 1

17:00-21:00 Early registration and welcome drink

Wednesday, 23 May, 2018

CONFERENCE CENTRE OF FACULTY OF LAW,
ADMINISTRATION AND ECONOMICS
UNIVERSITY OF WROCLAW
CONGRESSES HALL
Sala Unii Europejskiej 1D

8:00-9:00 Registration

9:00-9:30 Opening Ceremony

9:30-10:15 **Plenary session:**
90 years on, how does phytosociology inform habitat conservation and assessment?
John Rodwell (Independent Consultant, Lancaster, United Kingdom)

Session 1. Assessment and conservation of European habitats I Chairperson: John Janssen

10:15-10:30 **The Red List of ecosystems in France, progress and improvements**
Carré A., Gaudillat V., Gigot G. & Teillac-Deschamps P.

10:30-10:45 **Assessment of the conservation significance, impact of threats and risks of loss of the habitats of Ukraine**
Didukh Y., Kuzemko A. & Vakarenko L.

10:45-11:00 **Conservation implications of habitat heterogeneity in forest-grassland mosaics**
Erdős L., Kröel-Dulay G., Bátori Z. & Tölgyesi Cs.

11:00-11:30 **Coffee break**

Session 2. Assessment and conservation of European habitats II
Chairperson: Mercedes Herrera

- 11:30-11:45 **Forest and scrub vegetation dominated by *Carpinus orientalis* in Balkan Peninsula**
Stupar V., Čarni A., Mandžukovski D., Tzonev R. & Tsiripidis I.
- 11:45-12:00 **The *Castanea sativa* woods of the Cévennes: habitat of Community interest or not?**
Argagnon O., Andrieu F., Orain A. & Bravet P.
- 12:00-12:15 **Identification of potential Natura 2000 habitats in local scale based on remote sensing data and habitat modeling**
Pasierbiński A., Błońska A., Kompała-Bąba A., Woźniak G., Nowak T., Babczyńska-Sendek B., Sierka E. & Sławik Ł.
- 12:15-12:30 **Valday highland as a fragment of the Great Eurasian Nature Massive: priority habitats conservation and renovation**
Belonovskaya E., Tishkov A. & Tsarevskaya N.
- 12:30-12:45 **Transplantation of *Anacamptis morio* in coastal grasslands of the Netherland**
Janssen J.A.M. & Schaminée J.H.J.
- 13:00-14:30 **Lunch**

Session 3. Plant community responses to changes in management
Chairperson: Iveta Škodová

- 14:30-14:45 **Long-term development of soil chemical properties and vegetation dynamics after wildfires and clearcutting in Central European pine forests**
Adámek M., Petřík P., Hadincová V. & Wild J.
- 14:45-15:00 **Understory functional response to different management strategies in subMediterranean beech forests**
Bricca A., Scolastri A., Cancellieri L. & Cutini M.
- 15:00-15:15 **Initial response of understory vegetation to different forest management intensities in Illyrian beech forests in Slovenia**
Kermavnar J., Eler K., Marinšek A. & Kutnar L.
- 15:15-15:30 **Understorey response to the management-induced overstorey changes in montane forests of the Western Carpathians**
Ujházy K., Ujházyová M., Máliš F., Čiliak M. & Hederová L.
-

- 15:30-15:45 **Clonal plant response to disturbance: A case study from montane Norway spruce forests in the Tatras**
Šibík J., Olejniczak P., Samulak E., Šibíková M., Bacigal M., Nechaj J. & Franklin S.B.
- 15:45-16:00 **Biomass biodiversity relation in vegetation on post-mining heaps**
Sierka E., Błońska A., Kompała-Bąba A., Bierza W. & Woźniak G.
- 16:00-16:15 **Vegetation biodiversity and soil enzymes activity on post-mining heaps**
Woźniak G., Bierza W., Kompała-Bąba A., Błońska A., Sierka E. & Nowak T.
- 16:15-16:45 **Coffee break**
- 16:45-18:30 **Poster session I**

Thursday, 24 May, 2018

CONFERENCE CENTRE OF FACULTY OF LAW,
ADMINISTRATION AND ECONOMICS,
UNIVERSITY OF WROCLAW,
CONGREGES HALL
Sala Unii Europejskiej 1D

- 9:00-9:45 **Plenary session:**
New challenges in the vegetation classification in the recent data-rich era of phytosociology
Zoltán Botta-Dukát (GINOP Sustainable Ecosystems Group, Centre for Ecological Research, Tihany, Hungary)

Session 4. Classification and database management I Chairperson: Attila Lengyel

- 9:45-10:00 **Research based on the European Vegetation Archive: the progress made so far**
Chytrý M., Jiménez-Alfaro B., Knollová I., Biurrun I., Dengler J., Hennekens S. & Jansen F.
- 10:00-10:15 **Revising the EUNIS habitats classification – where are we?**
Evans D., Tryfon E. & Lund M.
- 10:15-10:30 **Vegetation description and scale or can parts of the vegetation be excluded from formal description?**
Bültmann H.
-

- 10:30-10:45 **Formalized classification of the European montane and alpine river gravel bar vegetation**
Kalníková V., Chytrý M. & data contributors
- 10:45-11:00 **Data gap analysis for European alpine vegetation**
Jiménez-Alfaro B.
- 11:00-11:30 **Coffee break**

Session 5. Classification and database management II
Chairperson: Salza Palpurina

- 11:30-11:45 **Classifying European heathlands of the class *Calluno-Ulicetea*: data set selection and procedures for a broad-scale classification**
Marcenò C., Biurrun I., Campos J.A., Chytrý M., García-Mijangos I., FitzPatrick U., Herrera M., Jiménez-Alfaro B., Rodwell J.S., Schaminée J.H.J., Tichý L. & Loidi J.
- 11:45-12:00 **Syntaxonomic revision of the semi-dry grasslands of Central and Eastern Europe**
Willner W., Roleček J., Dengler J., Chytrý M., Janišová M., Lengyel A., Aćić S., Becker T., Demina O., Jandt U., Kački Z., Krstivojević-Čuk M., Korolyuk A., Kuzemko A., Kropf M., Lebedeva M., Semenishchenkov Y., Šilc U., Stančić Z., Staudinger M., Poluyanovm A., Vassilev K. & Yamalov S.
- 12:00-12:15 **Joining hierarchical clustering, diagnostic species and expert system definitions into a coherent classification approach: dry grasslands of the Balkan Peninsula as an example**
Vassilev K., Chytrý M., Pedashenko H., Apostolova I., Bergmeier E., Boch S., Fotiadis G., Ganeva A., Nacheva R., Pirini C., Shivarov V., Sopotlieva D., Stoyanov Y., Tichý L., Tsiripidis I., Vrahnakis M., Dengler J.
- 12:15-12:30 **WetVegEurope, not only a classification exercise...**
Landucci F., Chytrý M., Šumberová K., Tichý L. & WetVegEurope partners
- 12:30-12:45 **Trait-based numerical classification of *Molinio-Arrhenatheretea* grasslands in Poland**
Lengyel A., Swacha G. & Kački Z.
- 13:00-14:30 **Lunch**

Session 6. Classification and database management III
Chairperson: Gianmaria Bonari

- 14:30-14:45 **Diversity of Central European scree and ravine forests**
Zukal D., Chytrý M. & data contributors

- 14:45-15:00 **Floristic and ecological characteristics of pedunculate oak (*Quercus robur* L.) forests in Europe**
Krstonošić D., Čarni A., Škvorc Ž., Franjić J., Temunović M., Sever K., Bogdan S. & Katičić Bogdan I.
- 15:00-15:15 **Syntaxonomy of oak-hornbeam forests of Central Europe: new insights into old problems**
Novák P. & data contributors
- 15:15-15:30 **Central European forest-steppe: the concept, its testing and a preliminary synthesis**
Roleček J.
- 15:30-15:45 **Vegetation classification in Bosnia and Herzegovina – current state and future prospects**
Milanović Đ. & Stupar V.
- 15:45-16:15 **Coffee break**

Session 7. Classification and database management IV
Chairperson: Corrado Marcenò

- 16:15-16:30 **On European fruticose halophytic vegetation: new insights and proposals**
Sánchez-Mata D., Rufo L., Rodríguez N., Ramírez E. & de la Fuente V.
- 16:30-16:45 **Floristic and phytosociological features of the *Brachypodium rupestre* communities in Italy**
Fortini P., Caldarella O., Ciaschetti G., Gianguzzi L., Rosati L., Terzi M. & Di Pietro R.
- 16:45-17:00 **Class *Mulgedio-Aconitetea* in Khamar-Daban Ridge, East Siberia**
Chepinoga V., Lashchinskiy N. & Heim R.
- 17:00-17:30 **EVS Business meeting**
- 17:30-19:00 **Poster session II**

WROCLAW BY NIGHT

- 19:30 **Guided tour (Old Town, University, Botanical Garden)**
- 21:00 **Jam session, Stara Odra Beach Bar, ul. Zawalna**
-

Friday, 25 May, 2018

CONFERENCE CENTRE OF FACULTY OF LAW,
ADMINISTRATION AND ECONOMICS
UNIVERSITY OF WROCLAW
CONGREGES HALL
Sala Unii Europejskiej 1D

9:00-9:45

Plenary session:

Plant invasions in Europe: general overview across natural and semi-natural habitats

Idoia Biurrun (University of the Basque Country, Bilbao, Spain)

Session 8. Vegetation and alien plant invasions
Chairperson: Gabriela Woźniak

9:45-10:00

Environmental correlates of neophytes richness – results of regional scale analysis in Carpathian Mountains and its foreground

Szymura T.H., Szymura M., Zając M. & Zając A.

10:00-10:15

Invasive plant species distribution is structured by habitat and land use type in the city landscape

Szumańska I., Rutkowski L., Kamiński D., Nienartowicz A. & Piernik A.

10:15-10:30

***Robinia pseudoacacia* as the driver of homogenization of broadleaved temperate forests**

Šibíková M., Jarolímek I., Bazalová D., Botková K., Hegedušová K., Májeková J., Škodová I., Záliberová M. & Medvecká J.

10:30-10:45

The priority effect shapes the pattern of goldenrods (*Solidago* and *Euthamia*) invasion in Silesia, Central Europe

Szymura M., & Szymura T.H.

10:45-11:15

Coffee break

Session 9. Extending scale in spatial, temporal and environmental dimensions I
Chairperson: Agnieszka Piernik

11:15-11:30

Are we looking sufficiently at vegetation structure in our vegetation analyses?

Monteiro-Henriques T., Cerdeira J.O., Aguiar C. & Fernandes P.

11:30-11:45

Contrasting patterns in environmental drivers of taxonomic and phylogenetic diversity in temperate forests

Hédl R., Šipoš J., Chudomelová M., Kopecký M., Macek M. & Vild O.

- 11:45-12:00 **Diversity of *Molinio-Arrhenatheretea* communities in climatic gradient along the southern edge of the Pannionian plain**
Carni A., Škvorc Ž., Krstivojević Čuk M., Franjić J., Igić R., Ilić M., Krstonošić D. & Vukov D.
- 12:00-12:15 **Structure of moss layer as the environmental predictor for vascular plant vegetation in sub-alkaline fens**
Durčanová P., Hájek M., Těšitel J., Peterka T. & Plesková Z.
- 12:15-12:30 **Petrophytic steppes of the Urals: diversity and ecological drivers**
Lebedeva M.V., Yamalov S.M., Korolyuk A.Yu., Golovanov Ya.M., Dulepova N.A., Zolotareva N.V., Teptina A.Yu.
- 12:30-12:45 **Abiotic and biotic factors that shape the diversity of ruderal vegetation (Silesian Uplands Poland)**
Kompała-Bąba A. & Bąba W.
- 13:00-14:30 **Lunch**

Session 10. Extending scale in spatial, temporal and environmental dimensions II
Chairperson: Arkadiusz Nowak

- 14:30-14:45 **Edge effects and vegetation dynamics in back alder swamp woods in Latvia**
Liepa L. & Straupe I.
- 14:45-15:00 ***Alnus glutinosa* woodlands in Sicily: an example of paleo-temperate vegetation at the southernmost limit of its distribution range**
Sciandrello S., Minissale P., Guarino R. & Giusso del Galdo G.
- 15:00-15:15 **Spatial scales of alpine plant communities in Navarino Island (Chile)**
Gavilán R.G., Blanquer J.M., Sánchez Mata D. & Sancho L.G.
- 15:15-15:30 **Temporal patterns in dry dune grasslands on a regional scale are driven by sea-climate interactions**
Rooijen N.M. van, Hagen H.G.J.M. van der & Schaminée J.H.J.
- 15:30-15:45 **Mire vegetation features in the mountains of South Siberia**
Volkova I.I.
- 15:45-16:15 **Coffee break**

Session 11. Extending scale in spatial, temporal and environmental dimensions III
Chairperson: Magdalena Szymura

- 16:15-16:30 **Diversity of aquatic macrophytes in overgrowing lakes**
Ławniczak-Malińska A. & Achtenberg K.
- 16:30-16:45 **Insight from the interaction of a monodominant with species pool**
Kaushik K., Rudolf K. & Morschhauser T.
- 16:45-17:00 **Ecological features of three forest spring geophytes**
Czóbel Sz., Németh Z., Ficsor Cs., Falva, D., Szegleti Zs. & Szirmai O.
- 17:00-17:15 **Morphological types of below-ground organs of herbs as indicators of features of primary volcanic habitats**
Korablev A.P. & Smirnov V.E.
- 17:15-17:30 **Closing Ceremony**

SOCIAL DINNER

- 19:00 **Wratislavia Ship Restaurant**

Saturday, 26 May, 2018

8:00-19:00 One day excursion

- Excursion 1 - The Stołowe Mountains National Park
Excursion 2 - Volcanic Heritage of Góry i Pogórze Kaczawskie
Excursion 3 - Odra river valley

Poster session I, 23 May, 2018

- I.1 **The Natura 2000 habitats found in Tomorr National Park, Albania**
Mahmutaj E., De Sanctis M., Hoda P., Fanelli G., Mesiti A., Shuka L. & Meço M.
- I.2 **Endangered European habitats present in the Silesia Province (southern Poland) and their threat status**
Parusel J.B.
- I.3 **Threatened Grassland habitats of Northern Serbia**
Čuk M., Ilić M., Vukov D., Igić R. & Čarni A.
- I.4 **Habitats 7220- Petrifying springs with tufa formations (*Cratoneurion*) in the basin of Dniester River (Ukraine)**
Didukh Ya., Chorney I., Budzhak V., Vasheniak Yu., Rosenblit Yu., Tokariuk A. & Mikhailuk T.
- I.5 **The impact of extensive management measures on non-forest Natura 2000 habitats in the Nature reserve Devínska Kobyla Mt. (Slovakia)**
Škodová I., Ružicková J. & Hegedúšová K.
- I.6 **Does phenology affect classification of Natura 2000 habitat?**
Lubińska S., Cardenas Perez S., Kamiński D., Piernik A. & Kopec D.
- I.7 **Database of aquatic and wetland vegetation of Ukraine**
Iemelianova S.
- I.8 **Macrophytes as hydromorphological pressure indicator in Latvian rivers**
Jēkabsone J. & Uzule L.
- I.9 **Assessment of macrophyte biological diversity and ecological quality of streams in Latvia**
Uzule L., Jēkabsone J.
- I.10 **The differences in habitat conditions of the riparian tall herb fringe communities in Poland and the conclusions for the syntaxonomy of the order *Convolvuletalia sepium***
Myśliwy M.
- I.11 **Current state and changes of aquatic and rush vegetation of Rzeszów Reservoir (SE Poland)**
Ziaja M., Wójcik T. & Wrzesień M.
- I.12 **Syntaxonomy of *Filipendula ulmaria* dominated communities in two nature reserves (NW Russia)**
Cherednichenko O. & Borodulina V.

- I.13 **Effects of management on vegetation change in wet meadows (*Molinietalia caeruleae*) and sedge-bed marsh (*Magnocaricetalia*) in south-western Lithuania: a case study from Žuvintas Biosphere Reserve**
Balsevičius A., Narijauskas R., Pranaitis A. & Norkevičienė E.
- I.14 **Which predictor is more important for grassland vegetation in the small river valleys: soil properties or topography?**
Uogintas D. & Rašomavičius V.
- I.15 **The effect of environmental factors on habitat continuity of semi-natural grasslands**
Raduła M.W., Szymura T.H., Swacha G. & Kaćki Z.
- I.16 **Light intensity and structural elements of vegetation in two grassland habitat types**
Čelik T., Čater M., Vreš B. & Šilc U.
- I.17 **Management impact on dry grasslands in Sub-Mediterranean Slovenia**
Vreš B., Dakskobler I., Čarni A., Čelik T., Behrič S., Küzmič F., Žnidaršič T., Verbič J. & Šilc U.
- I.18 **Ancient settlements as refuges for steppe flora in southern Ukraine**
Moysiyenko I., Dembicz I., Sudnik-Wójcikowska B., Zachwatowicz M., Kuns B. & Zakharova M.
- I.19 **Syntaxonomy of the *Festuco-Brometea* class vegetation in the Berda River Valley (Ukraine)**
Vynokurov D., Shyriaieva D. & Bronskova O.
- I.20 **Multivariate analysis of xerothermic plants associations in the Lublin Region (south-east Poland)**
Cwener A. & Komsta Ł.
- I.21 **GLOBALP – a project for analysing global diversity patterns of alpine vegetation**
Testolin R., Attorre F. & Jiménez-Alfaro B.
- I.22 **Functional traits variation along elevation gradient are climate-context: the case of sub-Mediterranean mountain grasslands**
Bricca A., Conti L., Tardella F.M., Catorci A., Iocchi M., Theurillat J.-P. & Cutini M.
- I.23 **Geographic and ecologic variability of low-level saltmarshes**
Popova K. & Cherednichenko O.
- I.24 **Does isolation decrease genetical diversity of saline vegetation?**
Cardenas Perez S., Duszyn M., Szmidt-Jaworska A. & Piernik A.
-

- I.25 **Degradation of vegetation in halophyte nature reserve between 1995 and 2016**
Bagińska M., Kamiński D., Lis M.I. & Piernik A.
- I.26 **Anthropogenic communities of halophytes in Lower Silesia (SW Poland)**
Szcześniak E., Krukowski M., Podlaska M. & Dajdok Z.
- I.27 **An overview of the European annual weed vegetation**
Küzmič F., Šilc U., Lososová Z., Mucina L. & numerous data contributors
- I.28 **Crop density rather than ruderal weeds encroachment explains the response of ancient segetal weeds to cultivation intensification**
Nowak S., Waindzych K., Świerszcz S., Niemczyk M. & Nowak A.
- I.29 **Thermophilous synanthropic vegetation of the Eragrostion Tx. in Oberd. 1954 alliance in the Ukraine**
Pashkevych N.
- I.30 **The world suppressed. Verge management as leading factor determining roadside vegetation**
Jaźwa M., Heise W. & Stadnicka-Futoma A.
- I.31 **The effect of cratering on diversity of open plant communities of an active military training area**
Krawczyk R. & Żubel R.
- I.32 **Species diversity of reservoirs formed in subsidence basins and its role in reclamation and provision of ecosystem services**
Sierka E., Roszkowska E., Nowak T. & Błońska A.
- I.33 **What kind of communities do lichens, bryophytes and vascular plants form on snags?**
Staniaszek-Kik M., Chmura D. & Żarnowiec J.
- I.34 **Plant diversity: can we trace its history using pollen data?**
Roleček J., Abraham V., Vild O., Plesková Z., Jamrichová E., Svitavská H., Werchan B. & Kuneš P.
- I.35 **Syntaxonomical notes on *Dryas octopetala* L. dominated communities from Sharri Mts., SE Europe**
Berisha N., Čušterevska R., Millaku F. & Matevski V.
- I.36 **Phytosociological and phytogeographic study of *Iris aphylla* L. in European Russia**
Kazakova M.V. & Sobolev N.A.
- I.37 **The localities and habitat conditions of *Asclepias syriaca* L. in Kryvyi Rih (Ukraine)**
Lysohor L.
-

- I.38 **Occurrence or Stiff Clubmoss *Lycopodium annotinum* L. – natural and expansive aspects within lands managed by the Latvia's State Forests**
Rove I.
- I.39 **The effect of meadow burning on selected morphological traits of *Inula salicina* L.**
Wójcik T., Kostrakiewicz-Gierałt K. & Janicka M.
- I.40 **Regeneration ability from shoot fragments in *Solidago ×niederederi* (Asteraceae) and its parental species**
Pliszko A., Kostrakiewicz-Gierałt K. & Wójcik T.
- I.41 **Morphological variability of *Gentiana cruciata* L. from different habitats**
Kamiński D., Piernik A. & Grobelski W.
- I.42 **In vitro propagation of *Himantoglossum adriaticum* in Hungary**
Gilián L.D., R. Eszéki E. & Nagy J. Gy.

Poster session II, 24 May, 2018

- II.1 **How the replacement of different types of native forests by black locust (*Robinia pseudoacacia*) plantations affects species diversity of understory vegetation?**
Bazalová D., Botková K., Hegedúšová K., Májeková J., Medvecká J., Šibíková M., Škodová I., Zaliberová M. & Jarolímek I.
- II.2 **Invasive *Prunus serotina* impact on forest community composition in pine forests of Lithuania**
Pratašienė K. & Marozas V.
- II.3 **The non-native *Pinus nigra* forests in Central Europe and their effect on the environment and the diversity of undergrowth.**
Botková K., Bazalová D., Hegedúšová K., Jarolímek I., Májeková J., Medvecká J., Šibík J., Škodová I., Zaliberová M. & Šibíková M.
- II.4 **Large-scale assessment of alien plant invasions in European grasslands**
Axmanová I., Chytrý M., Dengler J., Pergl J., Pyšek P. & EVA data contributors
- II.5 **Alien plant invasions in plant communities of Kuialnyk Estuary (Odessa region, Ukraine)**
Dubyna D., Ennan A., Dziuba T., Iemelianova S., Vakarenko L. & Shykhaleeva H.
- II.6 **Invasive plants in the area of Natura 2000 „Starodub w Pelkiniach”**
Stadnicka-Futoma A., Wilczyński W. & Jaźwa M.
- II.7 **The changes of the cover of plant groups during meadows restoration after *Solidago* spp. invasion**
Świerszcz S. & Szymura M.

- II.8 **Distribution of the invasive plant species *Heracleum sosnowskyi* Manden. in the Republic of Tatarstan (Russia)**
Prokhorov V.
- II.9 **Effect of *Rudbeckia laciniata* L. invasion on abandoned meadow vegetation**
Jędrzejczak E., Klichowska E. & Nobis M.
- II.10 **Alliance *Salicion eleagno-daphnoidis* (Moor 1958) Grass 1993) in Ukraine – a preliminary overview**
Borsukevych L.
- II.11 **The vegetation of the *Nerio-Tamaricetea* Br.-Bl. et O. de Bolòs 1958 along the eastern Adriatic coast, NE Mediterranean**
Jasprica N. & Kovačić S.
- II.12 **Differentiation of natural shrub communities of *Cotoneastro-Amelanchieretum* group in Central Europe**
Swierkosz K., Reczyńska K.
- II.13 **Syntaxonomy as a mirror of evolutionary processes? – Some thoughts on the classification of bramble scrubs of the *Prunetalia*, *Rhamno-Prunetea***
Haveman R. & De Ronde I.
- II.14 **Towards a new electronic archive for European pine forest: CircumMed+Euro Pine Forest database**
Bonari G., Knollová I., Vlčková P., Sağlam C., Xystrakis F., Chytrý M. & data contributors
- II.15 **The European Boreal Forest Vegetation Database**
Pyykönen A., Braslavskaya T.Yu., Churakova E.Yu., Diekmann M., Genikova N.V., Halvorsen R., Kirichok E.I., Knollová I., Korotkov V.N., Laiviņš M., Lugovaya D.L., Paal J., Potapov P.V., Prokazina T.S., Rūsiņa S., Schei F.H., Shevchenko N.E., Sidorova O.V., Smirnov N.S., Smirnova O.V., Tikhonova E.V., Turubanova S.A. & Chytrý M.
- II.16 **Phytocoenological characteristics of Scots pine (*Pinus sylvestris* L.) community on Nidze Mt. in Macedonia**
Mandžukovski D., Čušterevska R. & Teofilovski A.
- II.17 **Short-lived nature of lichen forests in Poland**
Stefańska-Krzaczek E., Fałtynowicz W., Szypuła B. & Kącki Z.
- II.18 **Class *Asaro-Abietetea* on its eastern limit**
Lashchinskiy N. & Chepinoga V.
- II.19 **Riparian floodplain forests in Slovakia – drivers of species composition and richness variability**
Slezák M., Šibíková M., Jarolímek I., Senko D. & Hrivnák R.
-

- II.20 **Riparian forest communities in Slovenia**
Čušterevska R. & Čarni A.
- II.21 **Riparian forests with giant herbs on Sakhalin Island, the Russian Far East**
(*Salicetea sachalinensis*)
Korznikov K. & Popova K.
- II.22 **Vegetation dynamics in riparian forest buffer strips in Latvia**
Straupe I., Liepa L. & Saklaurs M.
- II.23 **Phytosociological analysis of forest communities in the Vrbas River canyon**
(Bosnia and Herzegovina)
Lukić O. & Stupar V.
- II.24 **Vegetation-environmental relationships and floristic patterns in the oriental**
beech forests of northern Iran
Gholizadeh H., Naqinezhad A., Saeidi Mehrvarz S. & Jafari M.
- II.25 **Classification of xero-mesophytic oak forest communities in the Republic**
of Tatarstan
Kozhevnikova M. & Prokhorov V.
- II.26 **Plant's eye view of forest canopy informs vegetation ecology**
Hederová L., Brůna J., Kašpar V., Klinerová T., Kopecký M., Macek M.
& Wild J.
- II.27 **Assessment of light conditions in forest phytocoenoses – canopy cover**
vs canopy closure
Kucharczyk M.
- II.28 **Ground vegetation development after shelter-wood cutting in Scots pine**
forests of hemiboreal zone, Lithuania
Marozas V., Jotautas N. & Sasnauskienė J.
- II.29 **Method and experience-dependent variation in visual estimates of forest**
species cover
Chmura D., Salachna A. & Sierka E.
- II.30 **Low colonization ability of forest specialist in tree plantations of the**
Pannonian sand forest steppe region
Rédei T., Csecserits A., Lhotsky B. & Botta-Dukát Z.
- II.31 **Tracing the signs of dispersal in a temperate forest understorey**
Chudomelová M. & Zelený D.
- II.32 ***Quercus pubescens* forests in Italy. A syntaxonomical issue over three classes**
Di Pietro R., Angiolini L., Armiraglio S., Caccianiga M., Ciaschetti G., Gigante D.,
Rosati L., Terzi M. & Viciani D.
-

- II.33 **Three-dimensional model for cartographic representation of vegetation series and geoseries**
Pedrotti F.
- II.34 **The vegetation of a peat bog in Trentino (Central Alps) as a result of various human interventions**
Pedrotti F. & Murrja E.
- II.35 **Changes in alpha biodiversity patterns along a coastal dune gradient in southwestern Europe**
Torca M., Campos J.A. & Herrera M.
- II.36 **The ophiolitic communities of Shebenik-Jablanice National Park (Albania)**
Fanelli G., Gjeta E., Mahmutaj E., Mullaj A., Salvatori F. & De Sanctis M.
- II.37 **Landscape and memory: flora and vegetation of abandoned villages in the Czech-German border area**
Petřík P., Hederová L., Prošek J., Adámek M. & Wild J.
- II.38 **Vegetation dynamics of post-peat-extraction area of Baltic Bogs (Bagno Kusowo, NW Poland)**
Sotek Z., Wilhelm M., Kowalewska-Kalkowska H., Malinowski R., Stasińska M. & Prajs J.
- II.39 **Forest and steppe vegetation of the National Nature park “Karmeliukove Podillya” (Vinnytsia region, Ukraine)**
Kuzemko A., Markivska L. & Yavorska O.
- II.40 **Plant communities of the Svidovec and Chornohora Massifs in the Ukrainian Carpathians**
Hegedúšová K., Zajac M., Ujházy K., Kish R., Smatanová J. & Škodová I.
- II.41 **Vegetation classification of Kedrovaya Pad Reserve (Russian Far East)**
Petrunencko E.A., Somova E.G., Shvedova A.S. & Tide A.V.
- II.42 **Spatial structure of the tundra plant communities within the forest-tundra ecotone of Taimyr Peninsula**
Volkov I.V.
- II.43 **Vegetation Cover of the Beringian Forest-Tundra Region (North Pasific Asia)**
Neshataeva V. & Neshatayev V.

Maps and transport tips

**1 Oratorium
Marianum**

(early registration,
welcome drink)
pl. Uniwersytecki 1

**2 Conference
Centre**

(oral and poster sessions)
ul. Uniwersytecka 7-10

3 Lepione

(lunch)
ul. Kuźnicza 42

4 Botanical Garden 1
ul. Kanonia 6/8

5 Botanical Garden 2
ul. Sienkiewicza 21

6 Excursions departure
(bus parking)
ul. Świętokrzyska

7 Social dinner
Wratislavia Ship Restaurant
Bulwar Ksawerego
Dunikowskiego

8 Jam session, Stara Odra Beach Bar
ul. Zawalna

9

Free parking for participants
Institute of Genetics and Microbiology
ul. Przybyszewskiego 63

TRANSPORT TIPS

recommended transport:

- by tram (we recommend android application “jakdojade” or website: www.jakdojade.pl)
- by taxi (we recommend WICAR taxi, phone: +48 71 342 07 77)

How to buy a ticket?

Buying a ticket is very easy.

Ticket devices are in every tram and bus.

Regular ticket for 30 min trip costs 3,00 zł.

Use debit/credit card.

Tickets are not printed but saved automatically on your card.

The interface is available in English and German.

How to get to Botanical Garden and ul. Świętokrzyska (excursions departure)

How to get to Stara Odra Beach Bar, ul. Zawalna

The screenshot displays a Google Maps interface with a public transport route highlighted in green. The route starts at 'Uniwersytecka 7-10' and ends at 'ZAWALNA'. The map shows the Odra river and surrounding urban areas with various street names and landmarks. A sidebar on the left provides detailed information about the route, including the travel time (20:38), distance (170m), and fare (2.40 PLN). The route is labeled '7' and includes stops at 'Osiedle Kleczków', 'Osiedle Nadodrże', and 'Gdów'. The map also shows other public transport lines and stations in the area.

The screenshot displays a Google Maps interface with a public transport route highlighted in green. The route starts at 'Stanisława Przybyszewskiego 63-77' (marked with a green 'A') and ends at 'Uniwersytecka 7-10' (marked with a blue 'B'). The route passes through 'Pl. Daniłowskiego' and 'Muchobór Wielki (Roślinna)'. A transfer point is indicated at 'Pl. Daniłowskiego' with a green circle and a blue line. The map shows the city of Wrocław, including the Olawa River, the Wrocław Zoo, and the Wrocław University of Science and Technology. The interface includes a search bar at the top, a list of stops on the left, and a map view on the right. The bottom of the screen shows the current location and a compass.

Search results for 'Stanisława Przybyszewskiego 63-77':

- Stanisława Przybyszewskiego 63-77
- Uniwersytecka 7-10

Route details:

- Start: Stanisława Przybyszewskiego 63-77
- Stop 1: 16:45
- Stop 2: 16:48
- Stop 3: 17:04
- Stop 4: 17:04

Map labels:

- Stanisława Przybyszewskiego 63-77
